What are your highest priorities for improving the Fairfield community in the short, medium and long term?
What **Early Action Project** will you vote for to get the ball rolling while sparking positive change in the neighborhood?
Come and meet the new Resident Ambassadors, who will be assisting with both engagement and action, and let them know your thoughts, concerns and ideas. We need your help in developing an Innovation Plan that will establish a vision for the former HuntingtonWV Housing Authority Northcott Court property and for the surrounding community as a whole. This meeting will also feature an update on the Hal Greer Boulevard Corridor Plan.
